# Benefits of an Integrated Payment Solution

Gateway + Merchant Account

VS

Integrated Payment Solution

## PRICING

Redundant Fees

Cost-efficient solution

## PERFORMANCE

Two points of failure, outdated technology

Modern payments infrastructure to minimize payment failures

## RECONCILIATION

Multiple time-consuming reconciliations

Reconcile in a click with Ungerboeck Cashbook integration

## FUNCTIONALITY

Minimal features, generic payment experience

Everything you need to be successful; payment methods, reporting, security tools, and optimize checkout

## SUPPORT

Long queues for generic advice

Expert help tailored to your business by your Ungerboeck team

## INTEGRATION

Minimal integration with Ungerboeck

Native integration with multiple areas of Ungerboeck software

## SECURITY

Full card numbers transmitted to 3rd parties

Card details are always tokenized for extra security

## REPORTING

Confusing error messages and payment statuses in various systems

Detailed error messages and real-time status updates within Ungerboeck
